How will we make sure these improvements are sustained?

- Staff will continue to use the training materials and suggestions provided from the training to incorporate into their planning for subsequent years. These ideas will also be shared with new staff who join the school.
- We will continue to subscribe to Basingstoke Sports Affiliation and continue to attend a range of sporting fixtures to encourage healthy competition between pupils and schools.
- We are looking to continue the 'Road' to Rio' initiative to encourage children to take part in weekly running sessions. This will enable them to increase their fitness, improve on their personal best and encourage healthy competition between one another.
- Free after-school sporting clubs will continue to run next academic year.
- Skipping ropes have been purchased to enable children to spend their playtimes being more active.
- Some elements/ ideas taken from the taster sessions will be used in PE sessions, taught by teachers.
