---

What would be heavier than the button?  
Explain your answer.

---

---

---

---

---

Eva: The balloon will be heavier because it is bigger than the apple.

Whitney: The balance will be level because they are both red.

Mo: The apple will go down because it is lighter.

Teddy: The balloon will go up because it is lighter.

The children are seeing whether the balloon or the apple will weigh more. Who is right?
