## Science and Creativity

A handspan is the distance from the tip of the thumb to the tip of the little finger on an outstretched hand.

Find some abjects to measure in your home using handspans. Can you find a way to record your results? Here are some ideas.

A block graph

Title

Tally Chart

| Object | Tally | Total number of handspans |
| :--- | :--- | :--- |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |

Below are some creative ways to use hand prints. Try to create a hand print picture of your own. You could cut out a hand shape using paper or make a print with paint. Then add extra details to turn it into something new.
