

I can use word to create a shape logo.

# Step 1 – insert a shape

# Step 2 – insert wordart

The screenshot displays the Microsoft PowerPoint interface. The title bar reads "Presentation2 - PowerPoint". The ribbon is set to the "Insert" tab, with sub-tabs for "Tables", "Images", "Illustrations", "Add-ins", "Links", "Comments", "Text Box & Footer", "WordArt", "Date & Time", "Slide Number", "Object", "Equation Symbol", "Video", "Audio", and "Screen Recording". The "WordArt" gallery is open, showing a grid of 20 different styles for the letter 'A' in various colors and fonts. The main slide area shows a presentation slide titled "Step 2 – insert wordart" with a bullet point "• Click to add text" and a dashed rectangular text box. The left-hand slide pane shows three slides: "1 I can use word to create a shape logo." (with a "MRS T" logo), "2 Step 1 – insert a shape" (with a screenshot of a shape tool), and "3 Step 2 – insert wordart" (which is currently selected and highlighted with a red border).

# Step 3 – edit wordart

## Use transform to change the shape.

Mrs T

The screenshot displays the Microsoft PowerPoint interface. The title bar reads 'Presentation2 - PowerPoint'. The ribbon is set to 'Format' under the 'Drawing Tools' context. The ribbon includes sections for 'Shape Styles' (with 'Shape Fill', 'Shape Outline', and 'Shape Effects' options) and 'WordArt Styles' (with 'Text Fill', 'Text Outline', and 'Text Effects' options). The 'Text Effects' dropdown menu is open, showing options: Shadow, Reflection, Glow, Bevel, 3-D Rotation, and Transform. The 'Transform' option is highlighted. The main slide area shows a WordArt object with the text 'Mrs T' inside a blue, wavy shape. A dashed box around the text indicates it is selected. A tooltip above the text says 'Click to add text'. The left sidebar shows a slide navigation pane with four slides; the fourth slide, titled 'Step 3 - edit wordart', is highlighted with a red border and contains the text 'Mrs T'. The status bar at the bottom shows a grid of icons for various applications.

Step 4 – edit colours and final designs
