

Thursday 26th March - Creating a New Ride

Well done for making your fairground ride yesterday! Today, we would like you to think more about rides you would find at a theme park. We would like you to imagine that Chessington have asked you to design a new ride which will open in 2021. Spend some time looking at the rides which are already at well-known theme parks before creating your own design. Tomorrow, you will be writing a Newsround report where you will talk about the opening of your ride.

Task 1 - Research current rides

Take a look on the Chessington and Thorpe Park website where you can look at pictures and find out more about the rides which they have there: <https://www.chessington.com/explore/theme-park-zoo/rides-attractions/>
<https://www.thorpepark.com/explore/theme-park/rides/>. Have a think about these questions whilst researching:

What type of ride is it?

How would the ride make you feel?

How does the ride move?

Who is the ride aimed at?

Does the ride have a theme

What is unique about this ride?

Task 2 - Design your own ride

Have a little think about what ride would make Chessington even better. You could create a completely new ride or even create a ride which is similar to a ride they already have and you could change a couple of things. There are lots of ideas below to help you. Scroll down to have a little look at Miss Goddard's design!

What type of ride is it? (<i>slide, rollercoaster, carousel, train, water</i>)	How does the ride move? (<i>vertical, horizontal, forwards, backwards, bends, loops, spins, drops, clockwise, anti-clockwise, rotates, turns</i>)
How would the ride make you feel? (<i>calm, relaxing, scared, excited, thrilled, nervous, exhilarated</i>)	Who is the ride aimed at? (<i>young children, children, adults, everyone, mostly boys, mostly girls, people interested in....</i>)
Does the ride have a theme? (<i>water/underwater, fire, animals or a particular animal, mythical creature, Minecraft, sport, Disney, film character or theme</i>)	What is unique about this ride or best features? (<i>tallest, highest, fastest, biggest drop, only one in the UK or World, one-of-a-kind</i>)

Task 2 - Design your own ride

Have a little think about what ride would make Thorpe Park even better. It could be similar to a ride they already have and you could change a couple of things. There are lots of ideas below to help you.

<p>What type of ride is it? (slide, rollercoaster, carousel, train, water)</p> <p>Rollercoaster</p>	<p>How does the ride move? (vertical, horizontal, forwards, backwards, bends, loops, spins, clockwise, anti-clockwise, rotates, turns)</p> <p>Forward with lots of drops and loops</p>
<p>How would the ride make you feel? (calm, relaxing, scared, excited, thrilled, nervous, exhilarated, educated,)</p> <p>Excited, thrilled, nervous, exhilarated</p>	<p>Who is the ride aimed at? (young children, children, adults, everyone, mostly boys, mostly girls, people interested in...)</p> <p>Everyone but especially people who like animals!</p>
<p>Does the ride have a theme? (water/underwater, fire, animals or a particular animal, mythical creature, Minecraft, sport, Disney, film character or theme)</p> <p>Animal theme - cheetahs</p>	<p>What is unique about this ride or best features? (tallest, highest, fastest, only one in the UK or World, one-of-a-kind)</p> <p>Fastest ride in the World as cheetahs are the fastest land animal</p>

Name of ride: Cheetah Prowl
