## We're walking Simba to the North Pole to meet Santa!

Simba needs your help! It's his first Christmas and he wants to meet Santa. He has to go on a 2679 mile walk from school to the North Pole, but his journey needs to be powered by you!

Over the next 4 weeks, every child at St Mark's can take part in their own 5 mile sponsored walk. If you're feeling brave you could take on the challenge in one go, or add up lots of short walks over the next 4 weeks. If every child walks at least 5 miles then the grand total will be enough to get Simba to the North Pole! (Don't worry, he's got a flight booked for the return journey!)

This challenge is designed to keep you active and help fundraise for YOUR school.

elp fundraise for YOUR school.

Christmas?

It's going to be tough to reach 2679 miles but if we all try our best, we might just do it! So, who's up for the challenge? Can we get Simba to the North Pole before

The class who raises the most money will win a pyjama party next half term. Just bring your sponsorship form, money and distance log into school (in an envelope with your name and class) by 3pm on Friday 18<sup>th</sup> December.

Cash and cheques accepted, cheques made payable to Friends of St Mark's.

Enjoy your walks!

## Distance log

You can record how far you have walked here.

Don't forget to take your form and sponsorship money to school once you reach your 5 miles!
