

Through **Maths**, we will be practising our counting within 20, both forwards and backwards and become confident at reading and writing these numbers correctly. We will learn about ways of making our numbers within 10 and use different resources and pictures to help us solve problems more independently.

During our **PE** this term, the children will be outdoors developing their coordination and balance through a variety of team game. Please ensure your child is wearing their correct PE kit to school on...

**Fridays**

In our **RE** learning this term, we will be thinking about rules and exploring how rules are part of Jewish customs and belief.

Through **Computing**, we will learn about how to use a computer safely; turning it on and off correctly. We will learn to use the keyboard for the typing of simple words and use the mouse to help us create pictures.

In **Science** this term will be thinking about humans and their senses. We will learn different parts of the body and find out how our senses link to these. We will also be thinking about how to eat healthily.

**Our project, Sensational Senses, will explore the big question, 'Are senses important and how are they affected by the world around us?'**

We will still be using google classroom.

- For isolating lessons
- For messages on the stream

During our **PSHE/Heartsmart** this term, we will explore the idea of team work and how we can work alongside each other in our new classes. We will think about our charters and how rules are used to help us in our learning.

In **Art**, the children will be exploring the use of colour through painting. They will learn about primary and secondary colours and learn to mix them. The children will use their knowledge of colour-mixing to create paintings linked to the Hungry Caterpillar.

In our **Design Technology**, we will be thinking about vegetables and what the Hungry Caterpillar might like to eat. We will be designing and creating our own vegetable kebabs to taste.

In **English** this term, we will be looking at poetry and thinking about our senses to write our own poems. We will also look at the stories, 'The Hungry Caterpillar' and 'The Enormous Turnip', where we will explore the texts and learn to retell them in simple words and sentences.

**Reading** will happen through our phonics sessions and 1:1 so please ensure your child's book is in school. Please continue to read frequently with your child at home and practise any keywords sent home as it really does help them.
