At the beginning.. Phased Starts

Phased Transition in September – Why?!

We run a two-week phased transition period. This allows children to start school in smaller chunks of time, and also with smaller groups of children. It really makes a positive difference for all children. As the two weeks go on, children are in school for longer periods of time, until all children are in full time at the start of the third week.

Here is the timetable for the first two weeks of September (Remember, the 1st & 2nd Sept are INSET days)

My child is a...

Autumn born

Spring born

Summer born

We organise the September timetables according to your child's birthday. This helps us to make it manageable for everyone, especially the children.

Click on the tab above to see the September timetable for your child starting at St Mark's. Not sure which season they fall into? See below

- *AUTUMN BORN- Children born between 1st September 2017–31st December 2017*
- *SPRING BORN– Children born between 1st January 2018–30th April 2018*
- *SUMMMER BORN–Children born between 1st May 2018–31st August 2018*

On the third week of school, all children are full-time.

Tapestry: Online Learning Journey

We just love that - Zac really does love Archie and it's good to hear we make him happy too! Tapestry is such a good way of letting Parents have an insight into school life.

Notes

The children have been thinking about people, objects and places that are special to them. Zac shares 'My dog Archie, he's ten and he gives me cuddles.' He talks about his retriever toy that he got from build a bear, when he was four years old, being special to him too. Zac then adds 'My mum, dad and brother too because they are happy lots of times.' We talked about special times and focused on birthdays and the objects we might use to celebrate a birthday - Zac shares items he has brought in from home and draws them carefully.
