

Dear Parents.

This half term our project, 'A Toy's story', is all about toys throughout history; how they look different, are made of different materials and have different uses.

The end of our project culminates in a 'Toy Museum', where the children will present their own exhibits for the other children in our year group.

In order for us to create a Toy Museum, please could your child bring a small toy into school, in a named carrier bag by Friday 27<sup>th</sup> January. These toys will need to remain in school until the exhibition day so should not be a special bedtime toy.

Please ensure these toys are not fragile or valuable as they may be handled by other children.

Many thanks,

The Year 1 team.
