

Agents of Change Awards

Bronze – 12 challenges, including the 6 class challenges

Silver– 18 challenges, including the 6 class challenges

Gold (Graham Robins Award) – 24 challenges, including the 6 class challenges

Questions

Can I do the home challenges in any order?

- Yes!

What happens when my child has done a home challenge?

- Your child will receive an AoC card which they can take home. We keep a record of this in school so we can count how many they've achieved.
- We'll give you a grid to keep your AoC cards on safe at home, so they can all stay in one place.

How do I tell a teacher that a home challenge has been completed?

- A few options. The pupil or parent can tell a teacher, they can bring it in to school, or they can email the year group – you could include a photo if you'd like to.

If I need any resources, can I speak to the teacher about this?

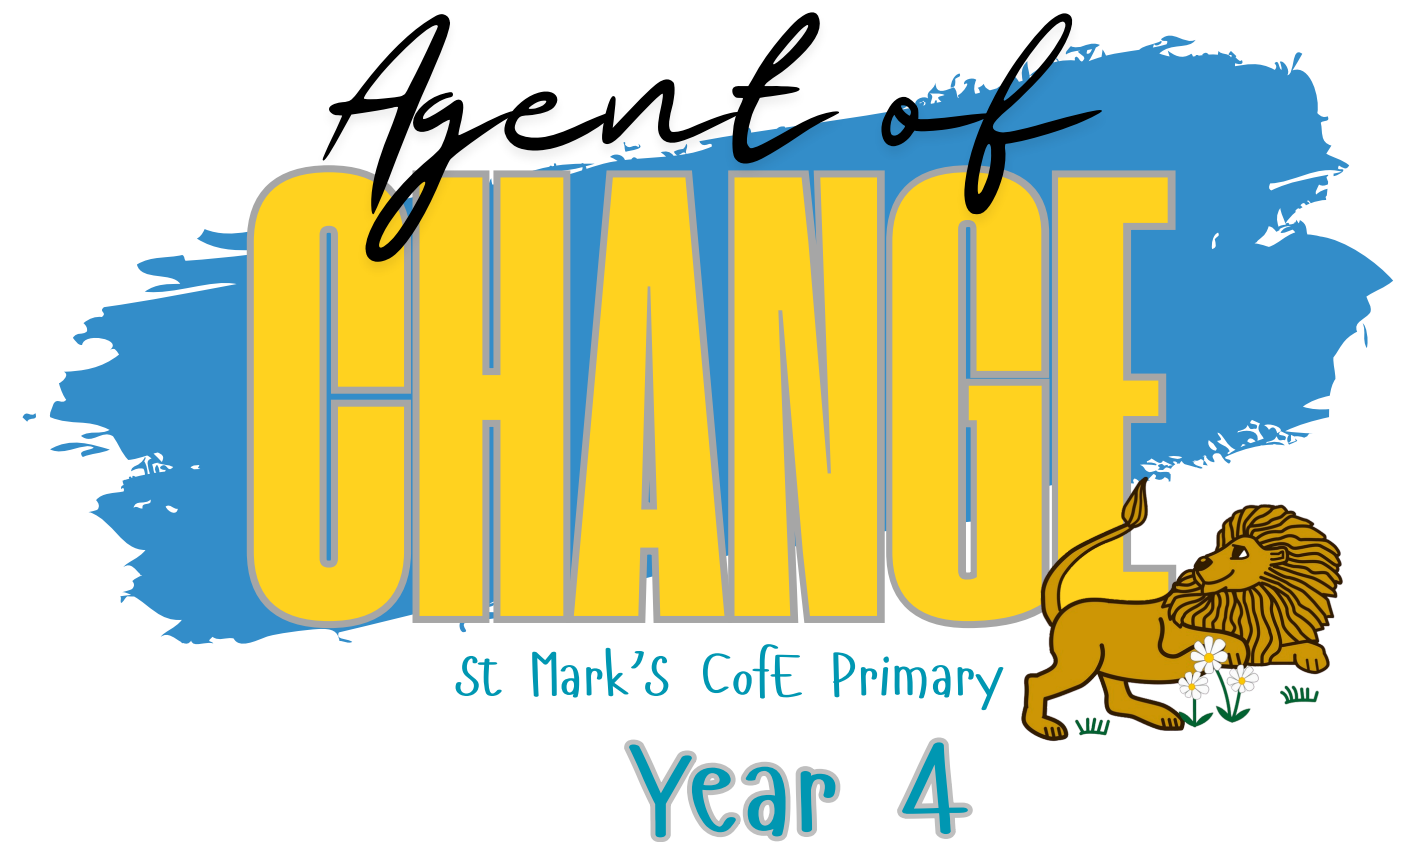

- Yes, and we'll help out as much as we are able to.

When are the bronze, silver and gold badges presented?

- This will happen at the end of the year.

Do they get 6 AoC cards automatically?

- Not quite! Each half-term, the children are working on a project in school regarding being an Agent of Change. When they complete this each half-term, they will get a card.

CLASS BASED ADVOCATES OF CHANGE PROJECT

Autumn1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Part 1	Part 2	Part 3	Part 4	Part 5	Part 6
 <p>Find something you care about</p>	 <p>Research it to find out more</p>	 <p>Decide what to do to make a difference</p>	 <p>Involve others</p>	 <p>Raise awareness</p>	 <p>Keep advocating</p>

HOME CHALLENGES

Autumn1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Go for a walk Visit a local river or park and see how much pollution you can spot. Take photos. 	Interview Interview someone who makes a difference. 	Connect Make a connection with another group of people: play with someone you haven't played with before, try a new club. Take a photo or write about your experience. 	Design a Poster Design a poster to promote friendship and getting along 	Observe Sit outside for 5 minutes and make note of what you can hear - is human activity drowning out natural sounds? Repeat at various locations and record your results 	Comic Strip - Sound pollution Create a comic strip to raise awareness about sound pollution. 
Research Courageous Advocate Find out about a courageous advocate for pollution and share facts about them. What characteristics do they have? 	Make a Poster Make a poster with a friend or family member to tell us about an important event to you (can link to We Are One - Christmas Around the World) 	Treasure Hunt Trash audit treasure hunt - Can you sort your household waste? How much can be recycled? Can you make some art with it? Take a photo. 	Create a card Create some positive kindness cards to share with a friend to promote getting along with one another. 	Investigation Collect leaves from the road side and in the garden and brush them with tissue - can you notice roadside pollution? Record your results. 	Air Pollution Create a poster/comic strip/powerpoint/speech to raise awareness about air pollution. 
Make a Poster Teach Year R how to be a courageous advocate: instruction leaflet/comic strip/powerpoint. 	Quiz Time Make a quiz about you and your family - could be true or false, or multiple choice - to share in class. 	Give your Time Volunteer your time to help somebody you know. 	Poster or presentation Look at rights and responsibilities and share this in a poster/presentation. 	Clean up Challenge Complete the oil spill clean up challenge - fill a bowl with water and add a bit of cooking oil. Can you clean up the oil using cotton balls, a spoon, or paper towels? Record your results. 	Make a Poster - Water pollution Create a poster/comic strip/powerpoint/speech to raise awareness about water pollution.
