These will be marked online by the teacher.

The screenshot shows the Google Classroom interface for a class named '4G-2020'. The 'Classwork' tab is selected, and a topic titled 'Homework Friday 18th September' is visible. The interface includes a 'Create' button, icons for 'Meet', 'Google Calendar', and 'Class Drive folder', and a list of topics on the left side. A message at the bottom of the topic area states 'Students can only see topics with published posts'.

The children will have a selection of books to choose from on a Friday, they will then keep this book for at least a week and return the following Friday if they have finished it.

# Multiplication Tests

In Spring 2021, the children will be sitting a multiplication test set by the Department of Education.

We will be checking what tables the children have retained this September, then will move them on to progress.
