

Through **Maths**, we will be practising our counting within 20, both forwards and backwards and become confident at reading and writing these numbers correctly. We will learn about ways of making our numbers within 10 and use different resources and pictures to help us solve problems more independently.

During our **PE** this term, the children will be outdoors developing their throwing skills in netball. For our indoor sessions, we will be focussing on following instructions and practising skills safely, where motivation and perseverance will be key. **Please ensure your child is wearing their correct PE kit on Monday (outdoors) and Thursday (indoors, please wear shorts under tracksuit bottoms).**

In our **RE** learning this term, we will be thinking about rules and exploring how rules are part of Jewish customs and belief.

Through **Computing**, we will learn about how to use a computer safely; turning it on and off correctly and logging on and off. We will learn to use the keyboard for the typing of simple words.

In **Science** this term will be thinking about humans and their senses. We will learn different parts of the body and find out how our senses link to these. We will also be thinking about how to eat healthily.

**Our project,
Sensational Senses,
will explore the big
question,
'Are senses important
and how are they
affected by the world
around us?'**

During our **PSHE** this term, we will explore the idea of team work and how we can work alongside each other in our new classes. We will think about our charters and how rules are used to help us in our learning.

In **Art**, the children will be exploring the use of colour through painting. They will learn about primary and secondary colours and learn to mix colours. The children will use their knowledge of colour-mixing to create paintings linked to artists such as Matisse and Kandinsky.

In **Music**, we will be enjoying exploring and experimenting with pulse and rhythm in our 'All About Me' unit.

In **English** this term, we will be looking at poetry and thinking about their senses to write their own poetry. We will also look at the stories, 'The Hungry Caterpillar' and 'The Enormous Turnip', where we will explore the texts and learn to retell them in simple words and sentences.

Reading will happen every day through book club and phonics. Please continue to read frequently with your child at home and practise any keywords sent home as it really does help them.
