

Our **Maths** this half term will focus on numbers to 20 using them to find different ways to make pairs to 20. We will continue to practise addition and subtraction and learn to solve problems using different resources to help us. We will also explore the idea of length and solve problems relating to this.

In **RE** this term, we will be thinking about what makes things special. We will look at this in the contexts of Judaism and Christianity. We will share what is special to us and how to look after important things.

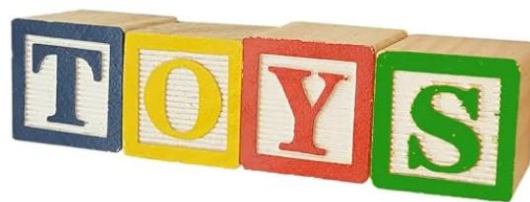

During our **PSHE and Heart Smart learning**, we will explore the idea of 'Too much selfie isn't healthy'. We will also be thinking about becoming more aware of the people around us and consider their needs as well as our own.

In **Computing**, we will continue to develop our understanding of algorithms and use this to programme Bee-Bots.

#### Useful vocabulary for this project...

*Wood, plastic, metal, glass, fabric, water, old, new, hard, soft, waterproof, bendy, toy, fragile, toy, Victorian, electronic, modern.*

## Our project, 'A Toy's Story', will explore the big question, 'How have toys changed?'

In **English** this term, we will be looking at the story, 'The Tiger Who Came to Tea' and writing our own versions! We will also be practising sentence writing skills to help us write information fact cards for our own toy museum.

**Reading** will continue daily through our Read Write Inc phonics and our book club sessions. Please read frequently with your child at home (4 times a week, ideally) as it really does help them with their fluency and confidence.

In **History**, we will be learning about toys from the past and how and why they have changed over time. We will be exploring what the toys are made from and why this has changed.

The children will be developing their sketching skills in **Art**. They will use different pencils to help them to create a variety of effects and use this to draw things in their surroundings and their own toys.

As **Scientists** this term, we will be thinking about different materials. We will explore and decide what makes them suitable for different toys. We will also be sorting and grouping toys and objects according to their materials.

In **PE**, the children are being dancers during indoor sessions on Tuesdays and playing target games in our outdoor sessions on Thursdays.

Please note our **library** book days has swapped to Tuesdays for this half term.

#### Save the date...

**Please keep Thursday 12<sup>th</sup> February  
8.30-8.45am free for our outcome event.  
Further details to follow.**
